Otolaryngology Grand Rounds - twice each year, 1983 - 2002

Resident Didactic Teaching Programs - 6-8 hours  
per year (including resident research lectures), 1983-2000

At the Children's Hospital: Daily outpatient bedside  
rounds, and operating room teaching is provided.

Scheduled teaching conferences include:

- Monthly pediatric otolaryngology x-ray conference.
- Monthly hospital attending teaching rounds.

  - Complex Dysphagia Conference & Clinic
  - Craniofacial Center of Western New York
  - Voice/Airway Clinic
  - Complex Otology Clinic

Family Practice Resident Rotation, 1995 – 2000, 2006-present

Family practice residents rotate through the community  
based outpatient pediatric otolaryngology office for 2 weeks, 2 days/week (~8/year).

Pediatric/Emergency Department Resident Rotation 1995-2000

Between 4-6 pediatric and/or emergency department  
residents per year rotate through the outpatient  
department of the Children's Hospital and are
